## Customer Reviews

This is always a good preparation resource for the PSAT. Beware however, not to use ONLY this for the PSAT. It's always a good idea to prepare with SAT questions too, because the SAT challenges students with harder questions than are on the PSAT, so your score will be much higher. This is a good resource for practicing actual PSAT questions only.

My expectations were met

It is recommended from a experienced teacher, so obviously it is useful for college pre prep, and also for SHSAT prep.

Love it.

For anyone preparing for college must have.....get this and move onward and forward toward scholarship consideration.
