Its a folding Florida map with closeups of certain sections so you have some low resolution city maps as well. Works for a folding paper car map, also has the Delorme book that covers all of Florida (a big book, but more resolution) and individual book style city maps if you need more city resolution.

Great map and great value, very detailed and ideal for a road trip. Unfortunately I bought it to hang as a poster in my kids play room so we could plan our Spring Break RV trip. Turns out Florida is sliced in half with the North being on one side of the paper & the South on the other. My bad, I should have researched before buying.

I have lived in Fla. for 72 years. I have lots of northern visitors each year so I need a good map for them to use to find places to visit. This is the best map I've had. Much better than the Fla. maps at the Fla visitor centers when you enter Fla on the interstate highways. Definitely a recommend to buy.

I needed a city map for Florida for various reasons. This map is clear, colorful, informative and almost the perfect city map. I hoping for a better breakdown of exit locations and inner-city areas. Overall, it's a great map.

I bought a couple of these maps to keep in the cars in case of emergency need when power is out. Living in SW Florida storms and power outages are possible so it seemed prudent to have old-school paper backups.

I'm a bit disappointed at the map. This map only has the major roads printed, and the avenues. Not the back alley roads. I wanted a map that I could use on my scooter, unfortunately this is not the right map for the job. This map is good to go cross county, not really to find the shortest route to the next town! I'm a bit disappointed, because I can't really use it for what I purchased it for.

As maps go, this one is good. There are some magnified city inserts but not too detailed. Good map, not great.

It's a pretty good map. I guess I should have purchased one of just the Tampa area, but this one still helpful - especially if you are doing a lot of highway driving!
