Logic Games: LSAT Strategy Guide, 4th Edition

Synopsis

A fresh, innovative, and streamlined approach to the LSAT, featuring techniques geared towards students aiming for top scores. Now with more practice problems and new online resources! The Manhattan Prep Logic Games LSAT Strategy Guide is truly cutting-edge. Containing the best of Manhattan Prep's proven strategies, this book will teach you how to tackle the LSAT games efficiently and flexibly. Beginning with how to recognize each and every game type, the Logic Games LSAT Strategy Guide takes you through the entire solving process. You will learn strategies for making inferences, techniques for accurate diagramming, and tools for improving your time management. Each chapter is designed to encourage mastery with timed drill sets that use real LSAT logic game questions and provide in-depth explanations, including hand-drawn diagrams and notes from Manhattan Prep's expert LSAT instructors. The book wraps with coached practice sets and with complete solutions to all the logic games in PrepTests 40-60. Additional resources are included online and can be accessed through the Manhattan Prep website. Used by itself or with other Manhattan Prep materials, the Logic Games LSAT Strategy Guide will push you to your top score.

Customer Reviews

Wow! I was testing in the mid-160 range in my practice tests before buying this book. Within two days of working on the book a few hours a day I see an incredible amount of improvement in the

speed and ease at which I complete the logic games. I have full confidence that by the end of this book I will be acing the Logic Games section fairly easily. You can spend thousands on an in-person course, but if you are able to make yourself set time aside to study this book you will be more than pleased with how simple they lay out their methods. I will definitely be ordering the other 3 books, and for this price is an incredible deal considering a higher LSAT score can save you tens of thousands in tuition.

I can't emphasize how much this book helped me. I read the PowerScore Logic Games bible but didn't make as much progress as I had wanted, so I decided to give this book a go. SO much better, and so much cheaper. The explanations are clear, the strategies are great, and there are a ton of drills along the way to make sure you fully understand every step of every process. Every person who plans to take the LSAT should read this book, especially since the kindle version is only \$9.99.

fantastic book. Progressively works through the games by difficulty level. It really improved my performance

Great book with lots of actual games to practice on and a variety of strategies.
