Prayers For Healing: 365 Blessings, Poems, & Meditations From Around The World

Synopsis

As recent scientific research shows, the simple act of praying can be emotionally, spiritually, and even physically healing. With *Prayers for Healing*, Maggie Oman invites readers into a healing space that can transform both mind and body. Organized in daybook form, the book focuses on healing in all its dimensions - physical, emotional, interpersonal, social, and environmental. Quotations range from sources such as the Bible, the Tao Te Ching, the Koran, the Torah, and Native American texts, as well as from Deepak Chopra, Rumi, Martin Luther King Jr., Marianne Williamson, and others. Together they create a tapestry of comfort and inspiration for rejuvenation and renewal.

Customer Reviews

I was knee deep in the muck, as they say. My mother had passed away much too early in life for me to make any sense of it, and directly thereafter i was going through a painful divorce. I was bitter. This book is for those of you that believe that God is in all things. That pain is a medium for growth, and as A. Powell Davies would say, " . . . There comes a gentleness, a returning quietness, a restoring stillness. This too is a door to life. Here also is a deepening of meaning - and it can lead to dedication, a going forward to the triumph of the soul, the conquering of the wilderness. And in the process will come a deepening inward knowledge that in the final reckoning, all is well."

I don't usually write reviews but this book of prayers taken from around the world and throughout history is so beautiful and powerfully moving that I had to write to recommend it. Well worth the money - I plan to buy more to give as presents.

If you, or someone you know, needs healing of some sort, this interfaith book of calendar meditations can help; but, even if not, the prayers for the healing of society, the healing of the world, are appropriate for anyone to pray. The selections range from ancient times to modern, some are deeply religious, some are more secular. I got multiple copies of this, two years ago, and I have given away my last copy; now I'm ordering one more, for me. The book is divided by the seasons of the year. It is compact enough to travel easily. Even if you already have a daily devotional book, this is worthwhile as a supplement.

I read this book every day. It has enriched my spiritual life tremendously. Now I give it to friends and family. We all have places in our lives and selves that need to be healed-- this book speaks to many of those different dimensions.

I've loved this book for years. I didn't do it the daily devotional way the book is set up. I read through it and marked the ones that I found especially helpful and comforting. I turned to those when times are tough. I have given a dozen or so of these books to friends and to pastors. I wrote the dates of my favorites in the fly and encouraged them to add their own to the list. Nearly everyone has told me how helpful the book has been. It's use of prayers from all religions and over hundreds/thousands of yrs helps us to know that our troubles and feelings are not ours alone but have been experienced by others engaged in this experience we call life. It is really a wonderful treasure when the times are really tough. Clarice Bates

After reading the three collections of prayers by Elizabeth Roberts and Elias Amidon, *Prayers for Healing: 365 Blessings, Poems & Meditations from Around the World* by Maggie Oman was a disappointment. I found the included selections to be a very mixed bag. Some were wonderful and others were just odd. Some were only a sentence long. There was far more political content than I like in my prayers and meditations. The editor also included strange commemorations on various dates such as March 2nd (an English poet and author D.H. Lawrence dies in 1930) or March 22nd (a German philosopher Johann Wolfgang von Goethe dies in 1832. His last words were reported to be "More light!" •). Certain authors and books were used far too often including *A Course in*

Miracles, the Bible, Ralph Waldo Emerson, and Rumi. The book also includes far more explicitly Christian prayers than I would prefer in a supposedly multi-cultural prayer book: If I were editing the same type of book, I would select Christian works that were accessible to all belief systems, not just those who believe in the divinity of Jesus.

This was given to me as a Christmas gift by a neighbor. A GREAT GIFT, I purchased this as a gift for someone. There is a new volume which I have not seen yet. It is various poems and prayers from every source one could imagine, presented in daily prayer manner. One day it could come from any of any religions, or a Saint, a poet, a world leader all of it is inspirational and used with permission of the person or the holder of copyright or whatever. Let me say this I did not realize at first what a wonderful gift this was, and now I make sure I keep it around me.

I have a chronic illness where every day is unique sometimes difficult in new ways. This collection of daily prayers is a moving and varied collection that often speaks to me and provides a thread of thought for the day. There are no trite or cheerful greeting card things here, The prayers are healing and fairly deep. I recommend it .
