Badenheim 1939 (BG Rudolph)

Synopsis

Aharon Appelfeld is one of the foremost authors in Israel today. Before he published his novel Badenheim 1939, Appelfeld wrote a short story under the same title that represents the kernal of his brilliant, pre-Holocaust allegory. This pamphlet contains Betsy Rosenberg's revised translation of the short story Badenheim 1939. It will be of great interest to all scholars and students of Hebrew fiction.

Book Information

Series: BG Rudolph

Paperback: 30 pages

Customer Reviews

A beautifully crafted, chilling novel that casts its shadow forward to 21st century America. One is reminded of Hannah Arendt, "the banality of evil." A must read, which I would like to see included in high school history programs.

An amazing book by an author who should be much more widely read. I would read anything that Appelfeld wrote -- his sensitivity combined with his clean (not overwrought) expression make him a pleasure to read.

I really liked the book! Bonus points for how much I bought it for along with shipping costs! It is a very beautifully written piece of literature that I am glad to have read for my Literature class

A great book.
