Stronger Together

Synopsis

For more than a year, Hillary Clinton has laid out an ambitious agenda to improve the lives of the American people and make our country stronger and safer. Stronger Together presents that agenda in full, relating stories from the American people and outlining the Clinton/Kaine campaign's plans on everything from apprenticeships to the Zika virus, including: -Building an economy that works for everyone, not just those at the top. -Making the biggest investment in good-paying jobs since World War II, including infrastructure, manufacturing, clean energy, and small business. -Making debt-free college a reality and tackling the student debt crisis. -Defeating ISIS, strengthening our alliances, and keeping our military strong. -Breaking down the barriers that hold Americans back by reforming our broken immigration system, ending mass incarceration, protecting voting rights, and fixing our campaign finance system. -Putting families first through universal, affordable health care; paid family and medical leave, and affordable child care. Stronger Together offers specific solutions and a bold vision for building a more perfect union.

Customer Reviews

I was pretty disappointed with this book. When the subject of the book is one of greatest criminals in American history I was really hoping for more. Anyone can be a criminal, but how do you become the GREATEST criminal? that is what readers really want to know. A step-by-step guide on how to monetize political influence, how to flaunt criminal behavior and even daringly project ones own criminal behavior onto other people -- specifically other political opponents -- is what I, and I think I

can speak for everyone, would really want from Hillary. For example, How do I get the head of the FBI to conjure up non-existent legal standards for my law breaking? What kind of dirt do I need on the FBI for the head of the organization to lie under oath about the need for "intent" to mishandle classified information when an intent requirement is nowhere to be found for this law? Furthermore, how do I get the FBI director to look the other way from the obvious intent of setting up the server in the first place, telling staffers to remove classified headings, telling the company monitoring my server to use bleachbit to delete all the emails AFTER getting a subpoena? This is truly groundbreaking criminal excellence that needs to be explained and shared. Hillary claims to be about fairness so her keeping all these tips to herself isn't very "fair" to the rest of us aspiring criminals. How about a step-by-step explanation for how I can project my illegal dealings with the Russians into a negative narrative for my political opponent?
